

Review of Earth's Systems, Layers of the Atmosphere and water cycle

EARTH's SYSTEMS	What is it?	Example
1. Atmosphere		
2. Biosphere		
3. Cryosphere		
4. Geosphere		
5. Hydrosphere		

Layers of the Atmosphere	facts	How it protects Earth
6. Thermosphere		XXXXXXXXXXXX
7. Mesosphere		
8. Stratosphere		
9. Troposphere		

Water Cycle	description	examples
10. condensation		
11. evaporation		
12. precipitation		
13. transpiration		
14. Runoff		
15. Infiltration
