

**Part 1 – Teacher Approval**

1. Print legibly your first and last name in the two blanks labeled "Student's Name".
2. On the lines provided, print legibly **IN PENCIL** the investigative question your science fair project will address in the format "How does (independent variable) affect (dependent variable)?" or "Which (independent variable) is the most (dependent variable)?"
3. **ON THE BACK OF THIS SHEET**, write a brief summary of how you think you will perform this experiment and a list of materials you will need to do this project.

I understand that \_\_\_\_\_, has chosen to do the following for his/her science fair project,  
(Student's Name)

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

\_\_\_\_\_ has my permission to proceed with the science project described above.  
(Student's Name)

I have checked any applicable boxes below for parent approval.

\_\_\_\_\_  
Teacher Signature

\_\_\_\_\_  
Date of Approval

**Part 2 – Parent Approval**

4. If a box is checked it applies to your child's project and requires your initials in the appropriate area.

- Additional paperwork will be required. **Parent initial** \_\_\_\_\_
- Plants must be grown from seeds. **Parent initial** \_\_\_\_\_
- MUST attend mandatory parent workshop (Humans/Vertebrate/Microbiology) **Parent initial** \_\_\_\_\_

5. **Once teacher approval has been made**, obtain parent/guardian approval by having parent/guardian sign, initial and date in appropriate area of this form.

I understand that my child has chosen the project listed above for his/her science fair project. I understand that **participation and completion** of a science fair project, which includes a science project journal and written report, is a **requirement** for this course. I also understand that the student is required to do a minimum of 3 trials which can affect the cost of the experiment. I have initialed above regarding additional requirements if applicable. My student and I have discussed the following:

- Is the student interested in this topic?
- Are the materials we need available (seasonal too) **and** affordable?

I also understand that my student may **NOT** begin the actual experiment yet. Approval to begin the experiment will be given at a later date, and the student will get written permission from the teacher as to when he/she has been given approval to begin. We have a few more steps to complete.

\_\_\_\_\_  
Parent/Guardian Signature

\_\_\_\_\_  
Date of Approval
