

Troposphere vs. Stratosphere Venn Diagram

Draw the Venn Diagram below on the next available page in your ISN. In the circle labeled Troposphere, describe some characteristics of the Troposphere and what may be found in the Troposphere. In the circle labeled Stratosphere, describe some characteristics of the Troposphere and what may be found in the Stratosphere. In the middle section where the circles overlap, write characteristics shared by both layers of the atmosphere.
